RIDGEWOOD, NJ — Some local preschoolers spent time recently learning about superheroes.

But they didn't learn about Superman, Spider-Man, or Batman. They learned about doctors, firefighters, and police officers.

Students at First Presbyterian Church's nursery school raised more than \$800 for the March of Dimes. They learned about community helpers and everyday heroes like doctors and first responders.

Dr. Christiana Farkouh, a neonatologist at the Valley Hospital, told the kids what March of Dimes does and the importance of caring for mothers and babies.

The kids also decorated their own superhero capes, which they wore at the end of the week. They also celebrated all of the helpers and heroes in their lives, the school said.
